

PEREGRINE ENERGY

Position:

Senior Accountant – Financial Reporting

Description

This is a unique opportunity to join a fast-growing energy infrastructure company with unique assets. The Senior Accountant is a newly created position and will be a valuable contributor to the Accounting Group reporting to the Accounting Manager. The position is responsible for maintaining the books and records of the Peregrine group of companies among other related accounting responsibilities. This position will coordinate within the Accounting Group and between the Operations Group and various other groups to deliver timely, accurate results. This position can be remote with local candidates in the Boulder/Denver area preferred.

Key Responsibilities

- Perform full cycle accounting close in support of Accounting Manager
- Prepare and record journal entries
- Reconcile operating entity trial balance accounts
- Maintain schedules for accruals, prepaids and other significant items
- Ensure compliance with capitalization policy
- Maintain development service fee schedule for projects
- Create invoices for intercompany transactions and track intercompany balances
- Work with Operations Group in processing transactions
- Assist in the preparation of (or prepare) monthly, quarterly and annual financial statements and management reports for stand-alone operating entities
- Track leases and prepare lease accounting entries
- Manage reporting deliverables to ensure timely delivery in support of financial statement and management reporting deadlines
- Vet work output with Accounting Manager and Controller
- Support in the annual audit of our financial statements
- Ensure compliance with U.S. GAAP
- Willingness to take on additional tasks and responsibilities in support of Manager and Controller
- Work within Oracle NetSuite and assist during set-up phase

PEREGRINE ENERGY
